

THE BUDGET-SLASH:

A Special Program for Small-to-Mid-Sized Business Owners

- Who must cut cost from their 2009 budget
- Who would rather cut the budget than cut a job
- Who make smart business decisions

The Budget-Slash SERVICE Offer: Cut Your IT Services Budget "\$99 for 2009"

Every business is dependent on its IT systems to operate effectively. Keeping your computers, networks, routers, servers—the mainstays of your IT systems—in good working order is essential. Beat the budget this year and call on us to provide your IT support services for \$99/hour—an offer that is well below even the most competitive “going rates”—and get an expert, well-experienced technician on-site. The sooner you call us the more you will save in your IT Support budget for 2009.
